PROJECTS

SnapMart| *React-Native, Zustand, Firbase, Git, VS Code* April. 2025
- Developed a full-featured quick commerce app enabling users to browse, search, and purchase daily essentials with lightning-fast delivery.
- Integrated real-time product search with debounce to optimize API calls and enhance user experience.
- Managed the entire project lifecycle solo — from design and development to debugging.

Casio | *HTML/CSS, Javascript, Git, VS Code* January 2025
- Collaborated with a small team to develop a complex Casio Clone web application, focusing on replicating the user experience of Casio's official website.
- Implemented responsive frontend components using JavaScript, HTML5, and CSS3 to ensure seamless user interaction across multiple pages.
- Won 3rd Prize in the Casio Project Presentation, showcasing innovative ideas and effective communication in project delivery.

CollaHub Social Platform | *React, Redux, Javascript, Responsive Web Design, Git, Firebase* February. 2025
- Collaborated with a team of three to develop a community-driven social platform using React and Redux.
- Designed and implemented responsive and modern UI components ensuring seamless user experience.

EXPERIENCE

Shriram Finance Ltd | *Business Executive* June. 2024 – August 2024
As a Business Executive at Shriram Finance Ltd, I analyzed customer data to recommend suitable financial products and processed applications through the company's web platform. I ensured data accuracy and guided customers through the end-to-end onboarding process.

Madurai district pandian consumers cooperative wholesale store | *Warehouse Incharge* January 2023 – May 2024
As a Godown Incharge at Madurai District Pandian Consumers Cooperative Wholesale Store, I managed warehouse operations and supervised packing, picking, and loading teams. I handled inventory, billing, and documentation through the Tamil Nadu cooperative website.

Neeyamo Enterprises Private Limited | *Service Delivery Executive* October 2021 – July 2022
As a Service Delivery Executive at Neeyamo Enterprises Pvt Ltd, I analyzed personal data and delivered insights to international clients through a secure web platform. I ensured timely delivery while maintaining data confidentiality and global compliance.

ACHIEVEMENTS

Participated in two editions of the X to 10X Hackathon, gaining hands-on experience in rapid problem-solving, teamwork, and building scalable tech solutions under time constraints.
